THE community MONITOR

Welcome Stephany Lichter as our new Administrator!

Stephany has been a familiar and friendly face to all of you for the past 3 years as the Director of Nursing and Compliance Officer. It is with great pleasure that St. Monica's announces her promotion to Administrator of St. Monica's Senior Living, effective July 1, 2021.

She brings a passion for person-centered care and meeting each community member's needs while keeping the family actively involved. Stephany states, "Caring for seniors has always been a passion of mine and the values and mission of St. Monica's is a perfect fit for me. It is with delight I continue my career at St. Monica's Senior Living."

Stephany brings 20 years of leadership experience and holds a master's degree in Nursing Administration. In 2019, she obtained an Administrator's Certificate from the Wisconsin Assisted Living Association (WALA).

Prior to coming to St. Monica's, Stephany was in a leadership role for Ascension Healthcare and most recently was Regional Manager of Patient and Family Experience for 6 area hospitals where she represented the voice of the customer. Other experiences include managing the Medical Surgical Unit at Wheaton Franciscan - All Saints Hospital.

"Stephany Lichter has been an incredible leader throughout the COVID pandemic, and I'm thrilled that she will continue with St. Monica's," stated Loretta Baxter, Executive Director. Currently St. Monica's is looking for a Director of Nursing to backfill Stephany's Director of Nursing position. Loretta Baxter is planning on retiring at the end of December and will assist in the seamless transition during the next few months.

Gorgeous Grandma Day

National Gorgeous Grandma Day is celebrated annually on July 23rd. As the name of the holiday suggests, our dearest, cuddliest grandmothers are celebrated. Grandmothers endlessly love and treasure their families, and typically have an infectious love for life. They have experienced a lot and have the best words of wisdom for us. Even with all the aches and pains of old age, most grandmothers have positive attitudes and amazing energy, which radiates into our lives. The day aims to celebrate women over the age of 50 and encourages them to defy society's standards and live it up a bit.

The Fourth of July - also known as Independence Day or July 4th - has been a Federal Holiday in the United States since 1941, but the tradition of Independence Day celebrations goes back to the 18th century and the American Revolution. On July 2nd, 1776, the Continental Congress voted in favor of independence, and two days later delegates from the 13 colonies adopted the Declaration of Independence, a historic document drafted by Thomas Jefferson. From 1776 to the present day, July 4th has been celebrated as the birth of American independence.

Father God, we come before your throne as a nation today to thank you for our beautiful land. Thank you for our leaders and everyone that you have placed in this country. Father, let your will be done in this nation as it is in heaven. May the people that are in leadership run this country according to your will. May we treat each other according to your will Father God. When we stray, Father, forgive us and show us the right way to go. Help us to be a nation that pleases you until the second coming of Christ. In Jesus' name, we believe and pray, Amen.
